Paint is to a Building

what clothing is to the body. It is just as important. You should take as much care in selecting the paint to clothe your property, as you do in selecting the material to clothe your person. Paint preserves the building. Paint gives beauty to the building. In painting the labor costs more than the paint. There will be a large waste if the right paint is not used.

THE SHERWIN-WILLIAMS PAINT

is made for painting buildings. It is not a low-priced paint, but it is cheap because the best. It is made of the purest materials—that wear the longest. The colors are bright and handsome.

COUNTY OFFICIAL PAPER.

Saturday March 23, 1907.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

A Step in The Right Direction

The board of Supervisors on last Wednesday began initiatory steps toward furnishing this county with good roads. This is a timely move in the proper direction and if the Supervisors carry out what they have planned San Mateo will have the best roads of any county in the state. It is proposed to make three good roads. The main road from San Francisco to San Jose will be macadamized from the County line on the north to the County line on the south. The road from San Mateo to Pescadero will likewise be put in a splendid conditon and the highway from Redwood City to San Gregorio will also be repaired. It is thought the cost of this work will be a half a million dollars. This county is rapidly developing as a place for the homeseeker and we must have good highways to induce people to locate here. It is proposed to bond the county for that sum. No taxpayer should object to the proposition for the extra assessment of property caused by the development will equal that sum in a very few years. With the completion of the Bay Shore Cutoff, the Ocean Shore and Dumbarton Bridge roads and finishing of the several projected electric roads hundreds of families will seek homes in the fair hills and valleys of San Mateo County. It therefore behooves us to be up and doing and offer inducements in the way of good roads. Alameda County has gone ahead by leaps and bounds because it has the best highways in the State and yet it has not the natural advantages of this Peninsula. The Board of Supervisors propose to do their duty in this matter and it will be up to the people to vote the bonds.

HORSESHOERS ORGANIZE FOR BETTR PRICES

On account of the increased cost of labor and material the horseshoers located in the towns in the Santa Clara valley have been compelled to raise the price of shoeing 50 cents per set. The firms engaged in business in Mountain View, Mayfield Palo Alto and Menlo Park commenced the new rule on March 15th. Redwood City, Woodside and Belmont firms will raise the price on April 1st. The following firms have entered into and signed the agreement: Vanderwoort & Co., J. F. Henderson, J. E. Riehl, H. Biebler, Stephen A Ponce, McInnis Bros., William Hammerson C. E. Maloney, F. P. Roach, E. L. Taylor, Chas A. Whalan, McDonald& Burke, Geo. E. Henton, T. J. Commerford, William Bement, Geo T. Durham, C. L. Wood, W. W. Beeson, N. A. Andreen, Geo E. Shine, A. Hammerson.

IMPORTANT INSTRUMENTS FILED

J. F. Parkinson and Mrs. Mary Crow filed three important instruments in the Recorder's office yesterday. One was an agreement of sale made and executed by and between the late Matthew Crow, Mary Crow and J. F. Parkinson of Pal Alto. By the terms of the instrument the later received an option on the Crow ranch at Ravenswood consisting of 262 acres of land. The purchase price was to be $65,000. $1000 to be paid at the signing of the agreement, $31,500 when the deed was executed and Parkinson was to give a mortgage on the ranch for $32,500 to Mr. and Mrs. Crow. The rate of interest is 7 per cent per annum the mortgagee to paythe taxes. The option was for 60 days and would have expired on the 24th. The deal however was closed no February 28th when the deed was executed. The mortgage was signed on March 7th. Mr. Crow died on March 11th. It is understood that some railroad Company is behind Mr. Parkinson in the deal.

AN OFFICIAL HUNT

C. D. Hayward, Claude Fox and Geo Genochio will leave Thursday next for Williams, Glenn County to shoot wild geese, that place being frequented by thousands of the different species as they migrate northward to their breeding grounds. As the boys have the reputation of being dead shots their respective friends here have cancelled all orders at the butcher shops for a Sunday dinner and Mr. Chamberlain the Wells Fargo Agent has employed an extra man, horse and wagon to deliver the product of the hunters as fast as trains arrive from Willows.

A Humane Act Signed by the Governor.

Governor Gillett has signed the bill making it unlawful to bob the tails of horses. This is a humane act which has the approval of all. Anyone caught violating the law will be severely punished by a fine or imprisonment or by both fine and imprisonment. Those having bobtail horses will have to register with the county clerk within thirty days after the passage of the act.

PAY YOURPOLL TAX.

Assessor C. D. Hayward has appointed the following deputies to make assessments and collect poll tax..—R. J. Carroll, First Township; M J. Powers, Second Township; H. E. Heiner, Third Township; D. J. Lynch, Fourth Township; E. Leighton, Fifth Township. Mr. Hayward has delivered blank statements to all the tax payers of the County. He complains that many fail to fill them out and return same to his office as they are required to do, otherwise their property will be arbitrarily assessed. Many find fault because they are assessed in this way and carry their grievances to the Board of Equalization when it meets in July. It takes but a very little time to fill out the assessment blanks and forward them to the assessor's office. This is a duty that no one should shirk. Trouble and annoyances will thus be avoided. Every patriotic citizen should pay his poll tax, yet many try to avoid its payment. This money goes towards the public schools to help support them and any one who tries to evade this little item of $2 that goes towards such a worthy object is certainly not very patriotic. Last year there were $400,000 collected and every school in the state received itsproportion.

Suit To Recover For Merchandise Advanced

The Kauffman, Davidson Co., through its attorneys, Ross and Ross, have commenced an action in the Superior Court against the San Mateo Tanning Company to recover the sum of $323.25 for merchandise furnished the Company. In addition to this amount interest is asked at the rate of seven per cent from the commencement of the action.

The Fish Law Changed

There have been several changes in the fish laws by the Legislature, regulating the season's time and also providing for the preservation of certain varieties of water life.

The new season will begin the first of May and isto continue to the 15th of November, as opposed to the old season which began April 1st and closed the last day of October. The unreasonable greed of some anglers in robbing the streams of everything over an inch or so long which resembles a fish,will now be checked by the new mandate, which forbids the catching of any trout under five inches.

Steelheads may only be caught at the rate of 50 a day now, and anyone transgressing the law will find that the penalty for its breaking will be as stringently enforced as though he had broken the limit law of the regular trout. It is anticipated that Eastern trout will be introduced into the California streams, as the hatchery at Santa Cruz is now incubating some of the varieties found east of the Rockies.

Another prohibition has been placed upon the rodsmen—no golden trout may be caught until the first of May, 1909. This species is found only in the streams near Mt. Whitney.

It is said thatthis season at least the extension of the season's opening until May would not be felt by any of the anglers, as the fish are now feeding on the bottoms of the streams, and the heavy rains will prolong the effects of winter and render fishing unprofitable until late in April.—San Mateo Leader.

WEDNESDAY'S MEETING

The Board met at 10 o'clock. The clerk stated that he had received a telephone message from Mrs. J. H. Coleman stating that her husband was confined to his home with a severe cold and could not be present. On motion of Elkerenkotter seconded by Blackburn Supervisor MacBain was elected to temporary chairman.

The latter thought that it was not proper proceadure to take up the plans in the absence of the chairman. Debenedetti explained that a court house should be erected and in view of the many continuances action on the plans should be taken at once. On his motion seconded by Elkerenkotter the Board considered the plans, MacBain stoutly protested.

MacBain pointed out some defect in the plans and specifications of Glen Allen saying that the dimension stated in the specifications did not appear in the plans At this point it was learned that new plans had been presented. Further consideration of the matter was deferred until next Monday to enable MacBain to look over the new plans.

All the Supervisors decalred that they did not care how long it took but wanted proper plans and specifications adopted before going on with the building of the court house. The Board was informed by the District Attorney that it was their duty to taken immediate action towards building a court house. Mr. Bullock informed the Board that the law books in the court room were thrown on the floor and shelves were needed for their safe keeping. The matter was referred to Supervisor MacBain.

He needed no hook to land the fish. He simply picked it up. If trout may be found in this manner, how plentyful they must be in the creeks.

Word has been received of the engagement of L. E. McLellan, a San Mateo attorney, and one of the best known young men of the County, and Miss May L. D. Baldwin of Santa Cruz. SOUTH CITY STABBING AFFRAY.

Mystery surrounds the stabbing of Luigi Pinzoni, a laborer, last Saturday in South San Francisco. Pinzoni had quarreled with some of his countrymen and had been ejected from a house. He stared to go home when two men fell upon him, stabbing him twice in the right breast, the blade penetrating the lung. Pinzoni made a dying statement, implicating John Millner and a man whose name the officers refuse to disclose. Millner was taken before Pinzoni, who identified him as one of his assailants. Millner is in the Redwood City jail. A few weeks ago Pinzoni informed the San Mateo County officers of the whereabouts of two suspected men, and it is believed the attack was made by friends of these men.

CRITICAL OPERATION RESTORES REASON

The friends of Dr. W. J. Wilcox, former treasurer of this county, but now a practising physician in Oakland, were startled some time ago at the news that his son, Edson, had been sent to an insane asylum. Now they will be greatly pleased to learn, that he has been declared out of danger from an operation by which a mass of necrosed bone which was pressing on the brain was removed. No trace of the mental trouble which caused the detention of the young man in the State Hospital at Ukiah, apparently a hopeless maniac, remains, and the surgeon in charge of the case are confident that a permanent cure has been effected.

Wilcox first showed signs of mental trouble about three years ago while he was a student at the University of California. It was at that time believed that his mind had been affected by overstudy. His father induced him to temporarily give up his studies and after a brief rest he re-entered college and was graduated with honor. His condition, however became worse instead of better after his graduation, until finally his once brilliant mind gave way entirely.

The first of the attacks of violent insanity which at last resulted in his commitment to a State hospital came a year ago, and afterwards occured with increasing frequency, until it was determined by Dr. Wilcox that for his own safety and the safety of others he must be placed under restraint. Then came the determination of the father to attempt by an operation to remove the cause of the trouble.
